THE DISPENSER FOR HAND FILM

HIPAC HAS DEVELOPED
THE DISPENSER FOR HAND NETROLL FILM,
450 AND 500 MM WIDTH.

A SOLUTION
TO WRAP YOUR PALLETS IN A SAFER
AND EASIER WAY!

Fully
recyclable

Easy and comfortable
hand application

Reuse
Zero waste

Customized

Reduction
of CO₂ emissions

Light
and comfortable

THE DISPENSER IS MADE OF A SPECIAL POLYOLEFIN PE/PP MIX, TO GIVE IT **LIGHTNESS AND SHOCK RESISTANCE** AT THE SAME TIME. IT IS **FLEXIBLE AND ADJUSTABLE** TO THE HOLE OF THE REELS. ITS DUMBBELL SHAPE AND THE ROTATION OF THE HANDLES GUARANTEE A **SMOOTH UNWINDING OF THE REEL**.

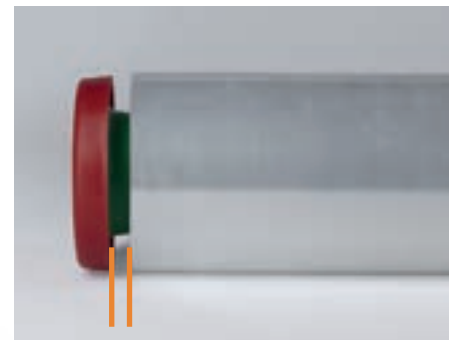

LIGHT AND FLEXIBLE

ANTISHOCK

Its peculiar shape has been especially developed to **avoid the damage of the reels** both during the wrapping process and in the case the reel is mishandled or falls.

EASY

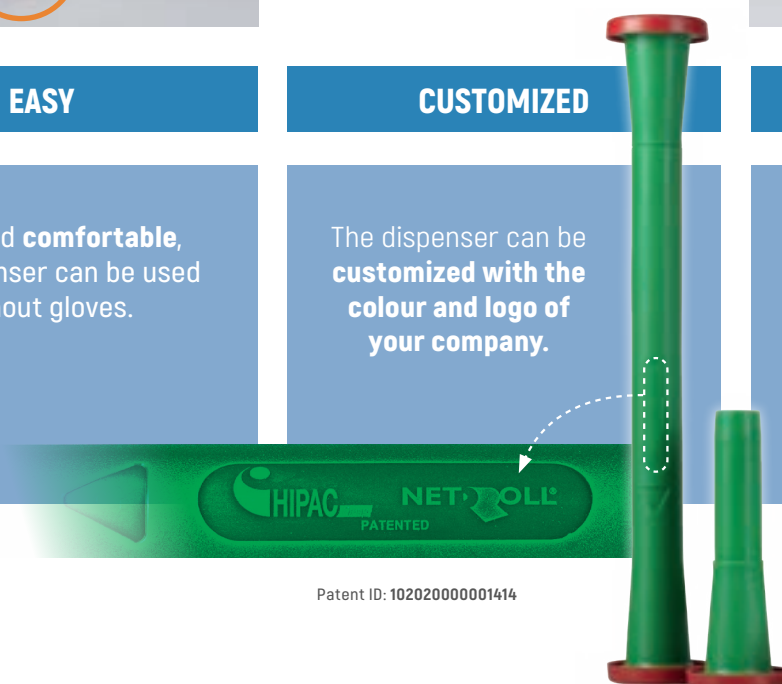

Light and comfortable, the dispenser can be used without gloves.

CUSTOMIZED

The dispenser can be **customized with the colour and logo of your company**.

SUSTAINABLE

By eliminating paper cores, the CO₂ emissions for each pallet of stretch film is reduced **by 98 kg**, equivalent to a **500 km trip with a mid-sized car**.
